SALES LEAVE-BEHIND COLLATERAL

Physical Facility & Furniture Renewal

Protecting your dining ambiance, terrace capacity, and guest comfort with master craftsmanship, food-safe finishes, and rapid overnight execution.

01 / ATTRACT & SHADE

Commercial Terrace Care

Cantilever umbrellas, all-weather windbreaks, and architectural brass signage that maximize outdoor covers.

02 / RESTORE & REVIVE

Master Timber & Cane

Hardwood refinishing, leather nourishment, and artisanal wicker re-weaving executed without daytime closure.

03 / MAINTAIN & COMPLY

Kitchen & OHS Infrastructure

Hood degreasing, cold-chain checks, municipal health readiness, and bespoke staff uniform presentation.

PROVEN FACILITY TRANSFORMATION

Commercial Wear Replaced by Master Craftsmanship

High-traffic restaurants experience relentless UV bleaching, water rings, and mechanical wear. We restore prime assets to showroom prestige.

Commercial Teak & Hardwood Tables

Overnight Service

The Wear: Sun exposure and spills cause silver-gray oxidation, wine rings, and micro-cracking in solid timber.

The Renewal: Deep artisanal sanding, stain extraction, and food-safe Danish hardwax oil that creates a water-beading satin shield.

Outdoor Wicker & Cane Re-Weaving

75% Replacement Savings

The Wear: UV brittleness and heavy guest use snap synthetic and natural cane, exposing sharp metal frames.

The Renewal: Skilled female artisans in our Kew workshop hand-cane matching weave, re-tensioning the entire structural frame.

Dustless Hardwood Floor Revitalisation

Zero Dust Contamination

The Wear: Heel scuffs, chair dragging, and entryway traffic erode floor sealants down to raw discolored grain.

The Renewal: Industrial HEPA-vacuum dustless sanding followed by fast-curing commercial polyurethane, ready for morning service.

Banquette Seating & Reupholstery

High-Density Contract Grade

The Wear: Sagging seat springs, collapsed foam cushions, and creased leather degrade dining posture and satisfaction.

The Renewal: Internal timber reinforcement, high-resilience memory foam, and spill-resistant contract leather or performance fabrics.

COMPLETE FACILITY CARE

Six Pillars of Operational Excellence

Beyond furniture repair, AfriSMME Hub acts as your single strategic infrastructure partner across exterior, interior, and technical systems.

01 ATTRACT

Exterior • Cantilever Shade • Signage

- Heavy-duty commercial cantilever umbrellas (Sunbrella canvas)
- All-weather glass & fabric windbreaks extending terrace seasons
- Bespoke architectural solid brass & patinated bronze signage
- Warm ambient facade and entrance lighting

Partner: **Afrishades & Cane Africa**

02 ENHANCE

Interiors • Acoustics • Booth Seating

- Acoustic reverberation balancing (turns 80dB echo into conversational warmth)
- Handcrafted banquettes and ergonomic booth seating
- Architectural timber screening and intimate spatial zoning
- Custom table arrangement design to maximize covers

Standard: **Balanced Reverberation (<0.8s)**

03 RESTORE

Master Timber • Leather • Overnight

- Overnight dining table refinishing (zero trading lost)
- Food-safe, zero-VOC natural hardwax oils and Danish finishes
- On-site leather revival, recoloring, and stain protection
- Solid marble, brass foot-rails, and bar top polishing

Specialist: **The Wood Doctor**

04 MAINTAIN

Kitchen Hoods • Cold Storage • Repairs

- Kitchen extraction hood deep degreasing & motor balancing
- Commercial cold-room and refrigeration coil preventative audits
- Gas, electrical, and plumbing rapid technician dispatch
- Scheduled monthly diagnostic logs for municipal certification

Coverage: **Emergency & Scheduled Retainers**

05 PROTECT

OHS • Health Inspection • Uniforms

- Municipal health inspection readiness and sanitation registers
- Fire suppression certification and emergency route verification
- Cross-contamination audits for food prep and prep lines
- Bespoke front-of-house tailored uniforms with embroidered crests

Standard: **Full SANS & Municipal Compliance**

06 GROW

Digital • Menus • Technology Yield

- High-conversion websites and interactive QR digital menus
- Local search dominance, Google Maps optimization & review shields
- Direct commission-free reservation integrations
- Floorplan yield optimization to increase average spend

Technology Partner: **Scinovalities**

ZERO DAYTIME INTERRUPTION

How Our Overnight Protocol Works

We understand that empty tables cost money. Our entire workflow is engineered around your trading hours.

01
On-Site Audit
45-min daytime walkthrough. We catalog wear, test acoustics, and inspect extractors.

02
Phased Plan
Fixed-price itemized proposal. Work scheduled in batches so capacity is never lost.

03
Overnight Shift
Our team arrives after dinner close (10 PM), restoring surfaces with zero-VOC oils.

04
Morning Handover
By 7 AM, all surfaces are cured, clean, odorless, and ready for breakfast service.

COMPLIMENTARY HOSPITALITY VOUCHER

Request Your 360° Physical Facility Audit

A senior AfriSMME facility specialist will conduct a complimentary, no-obligation 45-point inspection of your venue's physical condition and provide an actionable report.

- ✓ Dining Timber & Surface Wear Analysis
- ✓ Terrace Shade & Umbrella Wind Resilience
- ✓ Banquette Spring & Upholstery Health
- ✓ Acoustic Din & Reverberation Check
- ✓ Kitchen Extraction & Grease Risk Review
- ✓ OHS & Municipal Health Safety Register

** No trading disruption required. Audit takes 45 minutes between lunch and dinner service.*

🤝 **Uplifting Communities Through Training:** AfriSMME Hub directly trains, certifies, and employs local youth and women artisans in our Kew/Sandton workshops. Every table renewed sustains dignified local employment.
