

REPRESENTATIVE VISUALISATION • COMMERCIAL CANTILEVER SHADE & LUXURY TERRACE

ZERO DAYTIME DISRUPTION

ONE PARTNER • ONE ECOSYSTEM

A Better Hospitality Environment. *Delivered Without Disruption.*

Turnkey terrace architecture, acoustic dining comfort, overnight artisanal furniture restoration, preventative maintenance, compliance, and digital hospitality systems.

NO DAYTIME CLOSURES • FOOD-SAFE ZERO-VOC CURED • SANS 10400 COMPLIANT

— THE OPERATIONAL CHALLENGE

“Hospitality Should Not Require Ten Different Contractors.”

High-traffic dining rooms, hotel terraces, and safari decks suffer severe physical degradation. Managing disconnected single-trade contractors bleeds operational time and guest revenue.

THE CONTRACTOR FRAGMENTATION CRISIS

- **Conflicting Trades:** Upholsterers, carpenters, and extraction cleaners clash on site.
- **Lost Trading Covers:** Contractors demand daytime access, forcing revenue-destroying closures.
- **Disputed Liability:** No single entity takes accountability when repairs degrade prematurely.
- **General Manager Drain:** Up to 15 hours weekly spent vetting invoices and chasing artisans.
- **Inconsistent Quality:** Uneven finishes erode menu pricing power and brand prestige.

THE COORDINATED AFRISMME MODEL

- **Single Account Executive:** One contact, one SLA, one itemized consolidated invoice.
- **Dark-Hours Execution:** Crews work 23:00 to 07:00; doors open ready at 07:00 sharp.
- **Master Warranty:** Full commercial insurance and unified structural warranty across all trades.
- **Operational Freedom:** General managers focus entirely on guest service and hospitality.
- **Architectural Harmony:** Unified standards from facade signage to dining table oil finish.

REPRESENTATIVE VISUALISATION • REVENUE-GENERATING HOSPITALITY TERRACE SEAMLESS COMFORT • FLAWLESS PRESENTATION

— THE COORDINATED SOLUTION

One Coordinated Ecosystem for Your Property

AfriSMME Hub unifies six critical support pillars under a single consultative governance umbrella. We diagnose, prioritize, execute overnight, and maintain.

ARCHITECTURE 01 • STRATEGIC ECOSYSTEM

The Integrated Hospitality Support Model

AFRISMME HUB
HOSPITALITY SUPPORT ECOSYSTEM
SINGLE GOVERNANCE • INTEGRATED MULTI-TRADE DELIVERY

01 ATTRACT
Exterior & Shade
- Commercial Cantilevers
- Architectural Facades
- Weather Protection

DIVISION: AfriShades Network

02 ENHANCE
Acoustic & Comfort
- Sound Absorption Panels
- Custom Banquette Seating
- Spatial Privacy Zoning

DIVISION: Cane Africa & Joinery

03 RESTORE
Artisanal Renewal
- Solid Hardwood Reconditioning
- Cane & Wicker Weaving
- Contract Leather Treatment

DIVISION: The Wood Doctor

04 MAINTAIN
Preventative Care
- Kitchen Extraction Degreasing
- Cold-Chain & HVAC Service
- Mobile Rapid Workshop Dispatch

DIVISION: Facilities Engineering

05 PROTECT
Safety & Compliance
- SANS Standards Alignment
- HACCP Hygiene Readiness
- Staff Presentation & Uniforms

DIVISION: AfriHealth & Safety

06 GROW
Digital & Systems
- Interactive Digital QR Menus
- Local Search Engine Visibility
- Table Seating & Yield Analytics

DIVISION: Scinovalities Tech

ALL TRADES COORDINATED UNDER ONE CONSOLIDATED SERVICE LEVEL AGREEMENT (SLA)

01
Assess & Prioritise
Comprehensive 10-point diagnostic audit identifying high-impact interventions.

02
Overnight Delivery
Master craftsmen and technicians operate while the venue is closed. Zero lost trading hours.

03
Continuous Care
Scheduled monthly maintenance, kitchen extraction care, and sub-60m rapid dispatch.

— COMPREHENSIVE CAPABILITIES

The Six Support Pillars at a Glance

Structured to address every touchpoint of the physical dining environment, back-of-house operations, and digital guest acquisition.

01 ATTRACT — AFRISHADES
Exterior, Shade & First Impressions
Heavy-duty commercial cantilevers, architectural brass signage, windbreaks, and exterior lighting that convert outdoor space into year-round covers.

02 ENHANCE — ACOUSTICS
Acoustics, Banquettes & Comfort
Discrete sound absorption panels, custom leather banquettes, and spatial zoning that eliminate harsh dining noise and extend table dwell time.

03 RESTORE — THE WOOD DOCTOR
Furniture, Timber, Cane & Upholstery
Tables, cane armchairs, and leather seats renewed overnight with food-safe zero-VOC natural hardwax oils. Saves 80% vs new imports.

04 MAINTAIN — RAPID FLEET
Preventative Facility Care & Extraction
Commercial kitchen hoods, duct degreasing, cold-chain refrigeration checks, and emergency mobile workshop fleet dispatch.

05 PROTECT — AFRIHEALTH
Safety, Compliance & HACCP Shield
SANS 10400 fire safety, municipal health inspection readiness, gas isolation compliance, and tailored front-of-house staff uniforms.

06 GROW — SCINOVALITIES
Digital Systems, AI, Menus & Yield
Modern web platforms, interactive smart menus, AI 24/7 guest concierges, local SEO, and dining room seat yield density modeling.

01 ATTRACT • CANTILEVER

02 ENHANCE • BANQUETTES

03 RESTORE • TEAK CARE

THE AFRISMME COMMERCIAL ADVANTAGE
All six pillars are managed under a single unified SLA with itemized pricing, zero daytime closures, and guaranteed morning handovers.

— BEFORE & AFTER CASE HISTORY

Solid Teak & Hardwood Furniture Renewal

Restoring dining tables and chairs overnight with zero daytime disruption, non-toxic zero-VOC curing, and an 80% CapEx savings versus purchasing new imports.

Problem: Sun-bleached grain, wine glass rings, drying micro-fissures, and degraded finish on commercial dining patio.

Solution: Deep pore cleansing, precision micro-sanding, and hand-rubbed food-safe zero-VOC Danish hardwax oil restoring glowing golden luster.

TURNAROUND TIME	CAPITAL SAVINGS	FOOD SAFETY STANDARD
22:00 to 07:00	80% vs New Teak	Zero-VOC Certified

— BEFORE & AFTER CASE HISTORY

Outdoor Cane & Wicker Structural Hand-Weaving

Artisanal hand re-weaving and tensioning of high-traffic commercial outdoor seating, preserving terrace capacity without costly chair disposals.

Problem: Snapped strands on armrest and rim, UV-brittle rattan, and loose weave snagging guest attire and eroding venue presentation.

Solution: Re-tensioned and hand-woven with high-tensile all-weather synthetic cane peel by master female artisans at our Sandton atelier.

BATCH LOGISTICS	STRUCTURAL DURABILITY	REPLACEMENT SAVINGS
Phased Collection	Commercial UV-Resistant	75% vs Imported Cane

— BEFORE & AFTER CASE HISTORY

Dustless Hardwood Dining Floor Restoration

Industrial HEPA-extracted sanding and commercial polyurethane sealing executed overnight with zero airborne dust contamination on tables or glassware.

Problem: Scuffed walkways, dull graying traffic lanes, and heel gouges along dining room corridors eroding ambiance.

Solution: Overnight HEPA-extracted multi-disc sanding and fast-curing commercial polyurethane satin seal with zero dining dust.

AIR FILTRATION	TRADING IMPACT	SURFACE LONGEVITY
99.97% HEPA Dustless	0 Closed Shifts	Commercial Traffic Seal

— BEFORE & AFTER CASE HISTORY

Commercial Banquettes & Leather Upholstery

Internal frame reinforcement, high-resilience memory foam replacement, and contract-grade stain-shield leather tailoring that restores luxury comfort.

Problem: Sagged seat cushion, collapsed internal foam core, cracked leather piping, and creased seating from heavy patron turnover.

Solution: High-resilience CMHR contract-grade foam rebuild, reinforced tension webbing, deep-buttoned tailoring, and satin leather nourishment barrier.

FOAM SPECIFICATION	ABRASION RATING	DWELL TIME LIFT
High-Resilience CMHR	50,000+ Martindale	+25 Mins Average

— BEFORE & AFTER CASE HISTORY

Outdoor Terrace Shading & Weather Architecture

Transforming sun-bleached, wind-swept outdoor spaces into lucrative, all-weather dining rooms utilizing engineered commercial cantilever umbrella systems.

360° ROTATING OFFSET MAST • 4.0M SUNBRELLA CANOPY HEAVYWEIGHT GRANITE BASE

Engineering: Extruded architectural aluminum mast, 316 stainless winch gear, 8-position tilt articulation, wind-certified to 65 km/h.

Night Activation: Concealed 2700K warm LED strips recessed into structural canopy ribs. Transitions daytime shade to evening fine dining.

WIND RATING	UV PROTECTION	CAPACITY IMPACT
Up to 65 km/h Gusts	UPF 50+ Certified	+35% to 50% Covers

— TARGET MARKET & OPERATIONS

Built for Africa's Premier Hospitality Destinations

We service general managers, hospitality holding groups, lodge concessionaires, and executive chefs who demand world-class standards without operational downtime.

Who We Support

- **Fine Dining & Urban Bistros:** Acoustic comfort and table refinishing.
- **Luxury Hotel Groups:** Commercial terrace shading and preventative facility care.
- **Safari Lodges & Bush Camps:** Deck nourishment and remote batch maintenance.
- **Historic Wine Estates:** Heritage timber joinery and all-weather parasols.
- **Multi-Site Restaurant Chains:** Standardized group maintenance and priority dispatch.

The Dark-Hours Promise

"Work when the venue is closed. Return the venue ready for business before morning service opens."

THE 07:00 READY GUARANTEE
Zero chemical odors, zero airborne dust, and full operational sign-off completed before front-of-house staff arrive.

STRATEGIC VALUE MATRIX

Executive Service & Commercial Outcome Matrix

Translating technical capabilities into measurable business performance metrics.

AREA	OPERATIONAL CHALLENGE	AFRISMME INTERVENTION	COMMERCIAL OUTCOME
Outdoor Terraces	Wind and solar glare leaving seats empty	Commercial cantilever systems & windbreaks	**+35% to 50% year-round cover lift**
Dining Tables	Scratched varnish, wine stains, heat rings	Overnight zero-VOC food-safe oil renewal	**80% CapEx savings vs new imports**
Dining Room Acoustics	Harsh reverberation; shouting guests	Concealed acoustic sound absorption cores	**+25 mins dwell time; higher spend**
Banquettes & Booths	Collapsed foam cushions, cracked leather	CMHR high-density foam & contract leather	**Increased dwell & premium pricing**
Cane & Wicker	Snapped strands, structural instability	Artisanal hand re-weaving & tensioning	**Extends furniture life by 5+ years**
Kitchen Extraction	Grease build-up, smoke risk, fire hazard	NFPA 96 scheduled degreasing & balancing	**Guaranteed fire & insurance audit pass**
Cold Storage & HVAC	Compressor strain, spoiled perishables	Preventative coil cleaning & gasket renewal	**Prevents costly inventory loss & downtime**
Digital & Menus	Slow PDF menus, poor local search visibility	Fast QR menus & local search AEO/SEO	**+18% beverage & dessert conversions**

The Executive Rule: Preserve your capital, extend physical asset life, and entrust your environment to one accountable engineering partner.

— TAKE THE FIRST STEP

Schedule Your 90-Minute *On-Site Venue Assessment.*

Our technical director evaluates your physical space, acoustics, terrace shading, extraction health, and digital presence, delivering a prioritised, costed roadmap within 48 hours.
